FORAY TECHNOLOGIES
ATTN: Training Registration
3911 5th Ave, Suite 300
San Diego, CA 92103 Fax: 619-858-1366
Or email to: lslaughter@foray.com

Full payment is required prior to first day of class. Cancellations will be handled as follows: cancellations made 45 days prior to the first day of class will receive a full refund; cancellations within 30-44 days will be refunded at 50% of the course cost, and cancellations made less than 30 days will not be refunded.

Attendees will receive written course confirmation prior to course start date.

Foray, LLC reserves the right to cancel the above course due to unforeseen circumstances outside our control; we strongly encourage necessary travel arrangements to be made upon receipt of written confirmation.

*****This class is approved for IAI initial certification and recertification hours*****

REQUIREMENTS FOR ONLINE COURSES LISTED ON NEXT PAGE

Computers must meet these minimum, Microsoft Windows requirements:

Processor: Intel® or AMD processor with 64-bit support*; 2 GHz or faster processor (NOTE: faster processor speeds provide support for a number of functions, including Camera RAW processing, Calculations, Pattern Removal Filter, etc.)

Operating system: Microsoft Windows 10*** October 2018 update (64-bit) version 1809 or later

RAM: 8 GB or more of RAM (NOTE: Adobe Photoshop CC 2020 is a RAM-intensive application. More is better!)

Graphics card: nVidia GeForce GTX 1050 or equivalent; nVidia GeForce GTX 1660 or Quadro T1000 is recommended (NOTE: Please be advised that any other video card creates problems such as resampling, aliasing, etc.)

Hard disk space: 3.1 GB or more of available hard-disk space for 64-bit installation; additional free space required during installation (NOTE: You cannot install Adobe Photoshop CC 2020 on a drive that uses a case-sensitive file system!)

Monitor resolution: 1280 x 800 display (OR HIGHER) at 100% UI scaling with 16-bit color and 2 GB or more of dedicated VRAM

OpenGL: OpenGL 2.0-capable system

Internet: An Internet connection and registration are necessary for required software activation, validation of subscriptions, and access to online services.

- Laptops must have an external mouse (Using the laptop touchpad is totally and completely unacceptable).
- Each user must have internet access and must run Zoom on their computer. (This allows the instructor to assist the user during hands-on exercises.)
- Each user must have an individual webcam with a microphone, and each laptop must be equipped with speakers. Alternatively, users may find it advantageous to use a headset that includes a microphone instead of using the microphone on the webcam and using the laptop speakers. Using a headset that includes a microphone also eliminates a lot of problems caused by speaker (sound) "feedback".
